RAILROAD COMMISSION MOVES

Cuts Coal Twenty-five Cents a Ton.

Marion Dealers Come in on the Cut And Will Reap Benefit of Proceeding Started by New York Coal Company—Rate From Nelsonville to Marion Drops From One Dollar to Seventy-five Cents.

Present rates for hauling coal on the Hocking Valley Railroad from Nelsonville to Toledo and all intermediate points were declared to be, in the main, excessive and unreasonable in a decision handed down yesterday by the state railroad commission in the suit for the New York Coal Company against the Hocking Valley Railroad.

In some instances the rates were declared to be 25 cents in excess, and in others 5 cents in excess. A scale of rates was made out by the commission and the Hocking Valley will be ordered to conform to it.

The rates of 45 cents per ton from Nelsonville to Carroll and Hooper, of 50 cents to Canal Winchester and of 55 cents to West Frank and South Columbus were declared reasonable and allowed to stand.

In determining the scale of rates the commission improved on the proportionment of distance in the rate scale of the Hocking Valley Rates from Nelsonville to Marion and Upper Sandusky, inclusive, which formerly were \$1, were made 75 cents; from Nelsonville to Upper Sandusky and Fostoria, inclusive,

LOOK FOR APPOINTMENT TO BE MADE THIS WEEK

People Interested in Board of Review Matter.

Those Who Claim to Have Inside Information Think the Race Is Between L. V. Unapfer and W. B. Jessop.

Interested parties are watching with considerable anxiety for an appointment of a member of the city board of review. Lots of "dope" has been exchanged about the matter, and it is said that now the race has narrowed down to W. B. Jessop and Luther V. Unapfer.

Meanwhile, S. E. DeWolfe, whose time expired the first of June, is still acting. There seems to be a question whether the state board will make the appointment outright, or submit the matter to the local Democratic central committee. In the latter event it may come to a matter of selecting one of the numerous candidates by lot.

Mr. Unapfer is a comparatively recent entrant in the race for the appointment and his friends claim that he has an excellent opportunity to be chosen. An appointment is confidently expected some time this week.

MORE TROUBLE FOR ARMSTRONG

Two Other Charges Awaits Him.

SNYDER TRIAL IS ENDED

Mayor Seiter Withholds his Decision.

Harry Armstrong is Charged With Stealing and Receiving stolen goods. Police Think They Have Located Men Who Have Stole Four Boxes of Shoes—Young Men Fined For Fast Driving.

Harry Armstrong, whose trial is being held in the mayor's court today as the result of a charge placed against him for keeping a place where intoxicating liquors are kept for sale as a beverage, has another charge awaiting him when this trial is concluded. Yesterday, an affidavit was filed for his arrest charging him with stealing goods and receiving stolen goods.

Yesterday, Chief of Police Klinefelter, officers Thompson and Cusick searched his house on Konton avenue for stolen goods but were unable to locate any suspicious articles.

The filing of the charge was the culmination of an investigation conducted by Lieutenant Ellsworth, greatly aided by the local police, particularly Captain Lincoln Bond.

Four boxes of shoes were stolen from Eric Cox, car in the Erie yards last March. Since that time, Bond and Ellsworth have been working on the case and finally succeeded in locating, whom they think to be the guilty parties.

Not long ago, a man approached one of the officers of the police force, exhibiting a fine new pair of shoes which he had purchased very cheap and stated that there were eighty shoes extra for sale at the place where he had bought them. After considerable detective work, Armstrong was suspected of having a hand in the stealing and is said to have received the stolen goods in his house. The police think they have sufficient evidence to warrant the filing of an affidavit.

Other men, alleged to have been implicated in the robbery will be arrested as soon as the police are able to locate them.

The trial of Lewis Snyder, charged with beating a horse belonging to Eli Smith was brought to a close in the mayor's court yesterday afternoon. Tuesday noon, Mayor Seiter overruled the motion of the defendant's attorneys to have the trial dismissed because of lack of evidence and witnesses for the defendant examined.

After another motion for the dismissal of the trial was filed but Mayor Seiter wanted time to carefully weigh the evidence of each side, so will not render his decision in the case until Saturday morning.

Victor Berry, of Niles street and Frank Thomas, of Cottage street, who were the cause of a horse racing mix-up on High street, Sunday evening were each fined \$2 and costs this morning by Mayor Seiter for fast driving. The fine was paid and the prisoners released.

PLASTERING FALLS IN AUDITOR'S OFFICE

Miss Eva Allen Narrowly Escapes Injury.

Mass Weighing Nearly One Hundred Pounds Falls Where Miss Allen Had Been Sitting a Moment Before.

A large piece of stucco work and plastering fell from the ceiling in a corner of the county auditor's office this morning about a half minute after Miss Eva Allen had vacated a chair directly beneath the falling mass. It weighed 97 pounds when gathered up by the janitor.

The falling of the plastering disclosed the fact that the steel lathing used when the court house was built has rusted badly. Several other offices are in the same condition by reason of water having seeped in. The ceilings and decorations are badly discolored and the plastering is liable to fall at any time.

The matter will be called to the attention of the county commissioners and an effort made to have some improvements made.
